**MEMORADUM**

**SUBJECT:** SRRD and RD Response to EFED Regarding the Current Label and Use Information for Linuron to Support an Endangered Species Effects Determination

**FROM:** Philip Errico  
Registration Division

Dana Friedman  
Special Review and Reregistration Division

**TO:** Steve Jarboe  
Biological and Economic Analysis Division

Rafael Prieto  
Biological and Economic Analysis Division

Dana Spatz  
Environmental Fate and Effects Division

In support of the Environmental Fate and Effects Division's (EFED's) endangered species assessment of the California red-legged frog (CRLF), the Special Review and Reregistration Division (SRRD) and the Registration Division (RD) have reviewed current labels for linuron.

There are a total of eleven Section 3 registrations. This includes five technical products and six end use products. In addition, there is one SLN for California. SRRD has reviewed the LUIS General Chemical Report to determine whether it includes all current registrations, all crops, and all use sites included on linuron labels.

1. The OPPIN data base includes the following registrations that have been reviewed:

352-660  
352-677  
352-679  
352-686  
352-726  
19713-97  
19713-158  
19713-251  
19713-367  
19713-368  
66330-218 (old Reg. # 51036-78)  
CA020006

2. The OPPIN data base includes registration number 352-726 but it is missing from the LUIS report. This registration is for a technical product and is not an active registration in California.
3. The OPPIN data base includes registration number 66330-218, but no label exists under this number, as this product was transferred to a new owner under registration number 51036-78. Registration number 51036-78 was used to confirm that for this registration, all crops, and all use sites on active registered linuron products are included in the LUIS General Chemical Report.
4. SRRD has confirmed that all other registrations, all crops, and all use sites on active registered linuron products are included in the LUIS General Chemical Report including the following:

352-660  
352-677  
352-679  
352-686  
19713-97  
19713-158  
19713-251  
19713-367  
19713-368  
66330-218 (old Reg. # 51036-78)  
CA020006
